- >> Six core units
- >> Thirteen elective units

**Three (3) pre-requisites units of competency, six (6) core units of competency and thirteen (13) elective units of competency, must be completed in order to successfully achieve this qualification.**

Credential will only contain **19 units (6 cores and 13 Electives)** which is required for **ICA50905 Diploma of Information Technology (Multimedia)** qualification.

No	Unit Code	Unit Name	Core/Elective
<b>6 Compulsory units</b>			
1.	CUFDIG401A	** Author interactive media	Core
2.	ICAS5202B	Ensure privacy for users	Core
3.	ICPMM581C	Manage multimedia production	Core
4.	ICPMM582C	Manage multimedia projects	Core
5.	ICPPP311B	Develop a detailed design concept	PR
	ICPPP411B	Undertake a complex design brief	Core
6.	PSPPM502B	Manage complex projects	Core
<b>13 Elective units</b>			13 Elective units
1.	ICAA4041C	** Determine and confirm client business expectations and needs	Elective/PR
2.	ICAB4135B	** Create a simple mark up language document to specification	Elective
3.	ICAB4137B	** Produce basic client side script for dynamic web pages	Elective
4.	ICAB4225B	** Automate processes	Elective
5.	ICPMM321B	** Capture a digital image	Elective
6.	CUFDIG303A	** Produce and prepare photo images	Elective
7.	CUFMEM07A	** Apply principles of visual design and communication to the development of a multimedia product	Elective
8.	CUFMEM10A	** Design and create a multimedia interface	Elective
9.	ICPMM346B	** Incorporate video into multimedia presentations	Elective
10.	ICAP5039B	Match IT needs with the strategic direction of the enterprise	Elective
11.	ICAS5102B	Establish and maintain client user liaison	Elective
12.	ICAA4233B	Determine and apply appropriate development methodologies	PR
	ICAA5151B	Gather data to identify business requirements	Elective
13.	BSBPM505A	Manage project quality	Elective
** The units marked with ** will be delivered and assessed in Windsor Institute of Commerce's ICA40805 Certificate IV in Information Technology (Multimedia).			

### Teaching and Assessment Strategy

This qualification is supported by a Training and Assessment Strategy (TAS) which outlines a variety of teaching and learning methods used in a classroom setting including class discussions, presentations and demonstrations, case studies, project work and individual and team activities.

## Assessment & Recognition of Prior Learning (RPL)

A range of assessment methods are used throughout the duration of this qualification. RPL is also available and granted against the units of competency listed above based on work experience. Application may be made after enrolment and must be made using the RPL application form. Overseas learners, on a student visa, must note that RPL will result in a reduction of the duration of study.

## Entry Requirements: Mandatory Prerequisites

The following units contain the basic fundamentals of ICT knowledge and skills for all qualifications at Certificate III in IT and above. These units or demonstrated equivalence are required for entry into this qualification.

BSBCM106A	Follow workplace safety procedures
ICAD2012B	Design organisational documents using computing packages
ICAU1128B	Operate a personal computer
ICAU2005B	Operate computer hardware
ICAU2006B	Operate computing packages
ICAU2013B	Integrate commercial computing packages
ICAU2231B	Use computer operating system
ICAW2001B	Work effectively in an IT environment
ICAW2002B	Communicate in the workplace

Participants must be able to demonstrate competence in the above units of competence or attend the initial cluster packaged within the program. Participants already able to demonstrate competence can request and obtain recognition of prior learning (RPL) or if the units were undertaken under nationally recognised training a credit transfer for the units completed.

## Additionally the following entry requirements must be met. Applicants must:

- >> Be 18 years of age or over AND
- >> Have an IELTS 5.5 (or equivalent) AND
- >> Have satisfactorily completed Australian Year 12 (or equivalent) AND
- >> Have achieved the ICA40805 Certificate IV in Information Technology (Multimedia) OR
- >> Have two years Industry experience as a Multimedia Developer or Designer in a supervisory role without a formal qualification.

## Course participant resources

Windsor Institute of Commerce maintains a current and accessible library for our students, provides the learning resources required for study and assessment as well as internet access and fully equipped computer lab and classrooms with the technology needed to undertake the course.

## Pathways/Further Study

After achieving the ICA50905 Diploma of Information Technology (Multimedia), candidates may undertake Advanced Diploma level qualifications in IT or further their studies at University.

\* Currently we do not have any articulation with universities.

**Any specific requests or questions should be directed to [info@windsor-ic.com.au](mailto:info@windsor-ic.com.au) prior to enrolment.**
