## Christophe Ah-Vaye: (Mauritius)

Diploma of Information Technology  
(Multimedia)

Hi, My name is Christophe. I came from Mauritius. I have loved studying at Windsor Institute of Commerce because the staff are so friendly and the Teachers are really great.

I hope to continue on to University when I finish my course. I would recommend WIC to all of my friends back home and I hope they will join me very soon.

## Permisa Sathapornhirattisai: (Thailand)

Certificate III in Information Technology

G'day everyone, At first it was hard because I had to study extra English before I could start my course. But now I can understand everything and I learn new things every day.

I like the timetable here because it gives me more time to go out. The location is right in the middle of the Sydney CBD. I hope to finish a Diploma and then go to University in Sydney.

## Timofey Churilin: (Russia)

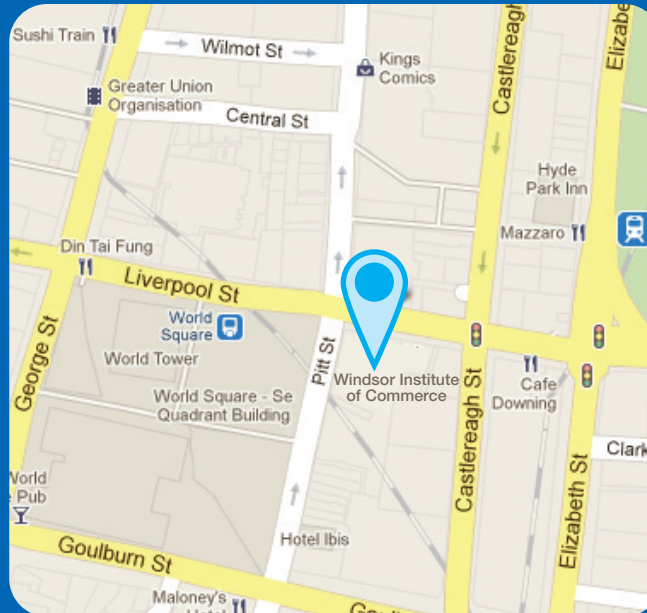

Diploma of Information Technology  
(Software Development)

Hello everybody, I came here from Russia nearly 2 years ago and I am having the best time studying at Windsor Institute of Commerce. The facilities are excellent and

the Trainers really know what they are doing. I am going to try to get some work experience when I finish my course because I really want to work in the world of IT and I think the preparation given to me by WIC will help me very well with my future career.

“Located in the heart of the Sydney CBD”
